BACK FROM MONTEREY

MRS. J. C. DANFORD DERIVES BENEFIT FROM GATHERING OF LIBRARIANS AT MONTEREY

Mrs. J. C. Danford returned Saturday night from the State Convention of Librarians at Monterey and reports highly interesting and profitable sessions which were largely attended.

While it was impossible for her to review the program in detail she mentioned several numbers that greatly impressed, as, for instance: the address given by Major Cullimore who pointed out in a very practical way the aid which libraries can extend to returning soldiers, many of whom have returned with a broader vision and an interest in books which has been developed by their camp experiences and which they never had before; also the help they can give in reconstruction work by placing at the disposal of soldiers books which will tend to fit them for some new line of employment, which a disabled man can follow. The major has himself lost an arm in the war and is deeply interested in these reconstruction problems which are being worked out through the hospital service.

Professor Krabiel lectured on libraries as community centers and urged an extension of that form of service.

Captain Joeckel, who got leave of

(Continued on Page 4)

ATTORNEY DECLARES INJUNCTION EFFECTIVE

Patrons of the Michigan State Telephone company are advised by Clarence E. Wilcox, corporation counsel, not to pay the increased rates the company is demanding until the injunction issued by Judge Howard Wiest, of the Ingham county circuit court, is dissolved.

Until the injunction is dissolved, Mr. Wilcox admonished telephone patrons to pay the rates that were in effect prior to December 1, 1918.

The increased rates were ordered on December 1, 1918, by Postmaster General Burleson, and upheld by the supreme court of the United States.

The telephone company has inclosed with each bill a notice of the rate increase authorized by the postmaster-general. Mr. Wilcox maintains that the Wiest injunction prevents collection of the increase, despite the supreme court decision.—Detroit Free Press.

June 11, 1919.

PREDICTS BOND ELECTION SUCCESS

In the course of conversation Monday afternoon Ezra Parker expressed the conviction that if residents of Glendale are awake to the interests of their city and alive to the things which make for its prosperity, they will come out in large numbers to vote for the water bond issue.

"You can depend upon it," he said, "the city trustees would not have asked for such a bond issue had it not been a real necessity, and I believe it is our duty to vote it, especially when it does not entail any real financial burden because the revenues of the water department will take care of principal and interest.

"The city is growing very fast, extending its area all the time, new people are coming in to develop homes and demand water. Unless it is provided there will be a shortage and the city will get a black eye which will stop its growth."

ART WORK

A FEW ATTRACTIVE EXAMPLES OF STUDENT ACTIVITY REMAIN AT UNION HIGH

While no regular art exhibit is being made by that Department this year at Glendale Union High because the course was interrupted by influenza and students were not able to give the customary amount of time to it, a few interesting things were on display this week, which show that good work is being accomplished under the instruction of Miss Irene Mueller, head of the department, and her assistant, Miss Mary B. Abbott.

The color schemes worked out in house furnishing designs by about half a dozen students caught the eye on entering the main studio over which Miss Mueller presides and a novel method of selecting the key color was adopted by her, viz., the girls were tested to determine the colors they could wear best—those most becoming, which were chosen as the motif. Also several of the girls did work under the modern art scheme of taking a key color and working it out in chords. Two octaves is represented by twice the pris-

(Continued on Page 3)

OFF AGAIN--ON AGAIN

GOVERNMENT DISCHARGES SERGT. FRANCY—REAPPOINTS HIM AT THREE TIMES THE PAY

Harry Francy, of this city, is just in receipt of a letter from his brother, Sergt. Mark Francy, who was discharged from service at Camp Lewis last Friday and has accepted a government position in which he will have charge of a warehouse connected with the Utilities Department. It is practically the same job he has been holding down, but he will now work as a civilian and instead of the pay of a sergeant, $44 per month, he will get $115. He writes that soldiers are getting to be quite scarce, most of them having been discharged. A good many have been re-employed by the government to assist in winding up the work of the camp. When Harry Francy left there was talk of the establishment of a permanent camp at Lewis, but nothing definite is known in regard to the government's policy. Mark Francy also wrote of a little vacation trip he was planning—an ascent of Mount Ranier which he expected to make Friday, Saturday and Sunday.

THE CHILDREN'S HOME FINDING SOCIETY

The canvassers for the Children's Home Finding Society announce that Glendale raised a little over $153.00, $47.50 of which came from the Tropico district. At the Virden Drug Store headquarters, Dorothy Chappius collected the greatest amount, $6.36, and was given a box of candy. Charles Norton was first among the boys, but reported late, and was given a flag. At Bosserman's, Randolph Blair was first among the boys and was given a flash light. He collected $4.46. Sam Dunbar came next with $3.10. Helen Podurgiel was first from the girls with $9.00; Esther Klein, second, with $8.67. Many of the little solicitors were fortunate enough to carry off one of the handsome little silk flags which were given to the solicitors of $2.00 or more. The following children reported as follows: Mary Robinson $6.56, Edna Muller $6.55, Helen Sternberg $5.10, Mildred Moody $3.00 and John Bowman $3.00.

HIS OWN COMPANY

GEORGE LARKIN GOES TO NEW YORK TO PRODUCE "THE LURE OF THE X-RAY"

George Larkin, who was with the Astra Film people, leaves for New York Thursday to be at the head of his own company, which will produce "The Lure of the X-Ray," a serial, and then features in which he will be starred. He expects to be gone at least six months and will be accompanied by Mrs. Larkin, who is a native Californian and devoted to her state. Mr. Larkin is an easterner by birth, but a Californian by adoption and both hope to return although they will also be glad to see the "bright lights" of Broadway in the eastern metropolis. Harry Harde, who has also been a resident of Glendale, will be Mr. Larkin's camera man. Mr. and Mrs. Harde left about three weeks ago that they might have time to visit eastern relatives before settling down to picture work.

MADE QUICK BUY

Mrs. Helen Sadler yesterday sold her home at 348 West Elk avenue to Mr. and Mrs. C. A. Wesson, who, with their little son, arrived from St. Edward, Neb., just the Saturday previous. Mr. Wesson had for several years been manager of the grocery department of a large general store in St. Edward, which is surrounded by a highly prosperous farming population. The Wessons were in California for three months last summer and stayed in Glendale most of the time. The place so appealed to them that they resolved to locate here when next they came to the coast. Mrs. Sadler will take care of Wm. Kelly's two boys while the mother is in a hospital recovering from a serious operation.

DAVID YOUNG IN SAN FRANCISCO

Top Sergeant David Young, who left Glendale near two years ago to join an ambulance corps, is back home again, having landed in San Francisco Sunday. His wife telegraphed his arrival to relatives here stating that David was in fine health at last. For many months he lay in a hospital in Nantes, France, from the after effects of an operation for appendicitis. He and his wife are expected in Glendale ere long to make an extended visit.

TELEPHONE STRIKE IN FRISCO

SEVERAL HUNDREDS OF GIRL OPERATORS QUIT IN SYMPATHY WITH LOS ANGELES STRIKE

(Special Service to Glendale Evening News)

SAN FRANCISCO, June 17.—Thousands of San Francisco telephones refused to work this morning when hundreds of telephone girls walked out in sympathy with Los Angeles strikers. Pay stations, domestic and business 'phones were all tied up for half an hour after the strike was called. At strike headquarters it was said that only three girls reported for work this morning at the Sutter exchange, none at the Kearny exchange, two at Douglas and one at Garfield exchanges. Only a few long distance and information operators were working. The girls demand increased wages, reinstatement and recognition of their union. It is expected the strike will spread to other northern cities. Press Association wires are seriously crippled.

BANDITS BATTLE POLICE

SAN PEDRO OFFICER SERIOUSLY INJURED IN CONFLICT WITH AUTO THIEVES

(Special Service to Glendale Evening News)

SAN PEDRO, Cal., June 17.—Policeman J. W. Thomas was seriously injured here early today in a revolver battle with a band of auto truck thieves, in which at least one of the bandits also was wounded.

Conrad J. Wickman and A. T. Jayne were arrested and held as suspected members of the bandit gang. They were taken into custody by Patrolman Workman while Thomas was fighting with other members of the gang.

Thomas and Workman encountered the bandits when they went to answer a call from a down town tailor shop. Wickman and Jayne were arrested in front of the building by Workman while Thomas stepping inside, was met by a fusillade of shots, one of which took effect. Lying on the floor Thomas opened fire and the bandits fled.

Investigation showed the thieves had stolen a motor truck and were about to cart away a quantity of loot in their stolen machine.

Following a trail of blood left by the one wounded member of the gang, police traced their flight several blocks to a point where tracks indicated an automobile had been stolen. It is believed the bandits escaped in the machine.

CANADIAN GOVERNMENT TAKES HAND

ARRESTS ALL THE LEADERS IN THE GENERAL STRIKE AT WINNIPEG AND SEIZES LITERATURE

(Special Service to Glendale Evening News)

WINNIPEG, June 17.—Wholesale arrests of leaders in Winnipeg's general strike began this morning. The government refused to announce the list of prisoners, but declared that it included all the prominent leaders.

Northwest mounted police raided the Labor Temple and seized literature found there.

BOTH SIDES ARE CONFIDENT

STRIKE LEADERS CLAIM GAINS, TELEPHONE COMPANY SAYS IT IS IN BETTER SHAPE THAN YESTERDAY

(Special Service to Glendale Evening News)

LOS ANGELES, June 17.—Both sides today claimed gains in the Southern California Telephone strike. The Company declared it is in better shape than yesterday. Strikers said that over one hundred girls and two hundred men had joined the strike last night.

The Company admitted that its service was crippled at Escondido and several other San Diego county points and in the Imperial Valley, particularly at Calexico, and at Colton, Rialto and Highland.

Girl operators struck this morning in San Diego, the Union claiming that 85 per cent. walked out. Santa Monica, Venice and Ocean Park are severely crippled and San Bernardino is still without service. In Los Angeles the service is slow and pay stations are closed, but the system is still working. Pasadena is crippled by a strike of electrical workers and the same conditions exist in Riverside. Long Beach girls are out and the service is termed "very uncertain."

AMERICAN REFUGEES REACH EL PASO

ROBBED OF EVERYTHING INCLUDING CLOTHING BY MEXICANS THEY ESCAPE OVER DESERT

(Special Service to Glendale Evening News)

LAREDO, Tex., June 17.—A party of American refugees reached El Paso from Mexico this morning after being robbed of everything, including their clothing, by bandits near Jiminez. Isabel Haley of Nogales, Ariz., a member of the party, said they had started from Mexico City for the United States. Reaching Jiminez they found the railroad tracks destroyed. Bandits attacked them, took everything they had, and beat them with rifle butts. Miss Haley and her two companions escaped over the desert to Chihuahua where other Americans aided them in reaching the border. They said they did not know where other members of the party robbed at Jiminez were, but feared they had perished on the desert.

ELKS DO GOOD WORK

GLENDALE ORGANIZATION RECEIVES MANY INVITATIONS TO PUT ON INITIATORY WORK

The officers of the local Elks' Lodge, the drill team and orchestra have been invited by the Pasadena Lodge to put on initiation work tonight and quite a delegation of Elks will go from here,—the members of the drill team and orchestra in their uniforms. The Pasadena Lodge promises to give them a royal time.

It seems that the Glendale officers, drill team and orchestra have gained quite a reputation for initiatory work and that they are being invited by many lodges in this jurisdiction to put on this work for them.

At a convention recently held at Long Beach upon the call of Grand Exalted Ruler Michael F. Shannon, where initiatory work was performed by the San Diego Lodge, about a dozen lodges in this locality accepted the invitation to attend. It was put on in quite a splendid and impressive way with a 20-piece orchestra, and a chorus of ten. Having witnessed that, some of the members of B. P. O. E. 1289 are anxious to see how their own initiatory work compares with it. The local lodge has the orchestra but not the chorus. In other respects they believe the standard set by San Diego can be equaled.

At the Long Beach convention members of the San Diego delegation, which numbered about 150, were also boosting for the State Convention, to be held at San Diego October 10th and 11th, and it is for the contest to take place then that the local drill team is practicing in the expectation of carrying off the prize.

Next Sunday will be known in Elkdom as "Rickenbacker Day," in honor of the Elk who made such a record as premier American Ace in France. Glendale Elks plume themselves on the fact that while "Eddie" is a member of L. A. Lodge 99, he was initiated by Glendale Lodge. In his honor the annual picnic of Lodge 99 will be held Sunday at Maier's Ranch at Santa Susanna, near Ventura, and quite a delegation will go from here. There will be a barbecue and other big picnic features of the sort that Elks enjoy.

UP-TO-DATE EQUIPMENT

Things are doing at the bakery of Henry Walsma on West Broadway, things which have necessitated the retirement for several feet of the dividing partition between the shop and the rear bakery, also the re-arrangement of one of the shop windows in which the newest model of automatic oven will be installed, the automatic features applying to the slow revolution which is timed to the baking period and which releases the pans when the revolution is completed. This device is expected not only to add to the quality of the goods turned out, but to reduce labor and thus save expense. It should also be a fine window advertisement.

HIGHER EDUCATION

A census has been taken of all the students in the senior class of Glendale High to ascertain how many are going on in advanced courses. The returns to date show that 45 out of 95 are taking up college work in some form, excluding commercial courses which will be taken by students planning to enter business life.

TEACHERS' BANQET

The teachers of the Cerritos Avenue School are planning a banquet for the lunch period of next Friday, as that will be the last time the teachers will all be able to get together this year. Mrs. Searle will be the chef. Miss Ball has charge of the arrangements.

PUBLIC SERVICE DEPARTMENT PICNIC

The employes of the Public Service Department and their families, more than 50 people in all, enjoyed an all day picnic Sunday in Verdugo Canyon. There were many kinds of games played and it was a day of great enjoyment to all. Enough eatables were taken along to provide dinner and supper both.

A HANDSOME PRESENT

Mrs. J. E. Phillips, of the Jewel City Undertaking Company, is the proud owner of a fine new Oakland Sedan. The car was a gift to her from her husband and came to her as a complete surprise, as she had no inkling of the transaction whatever until the car was driven home and presented to her.

TWO LITTLE BEARS

TWO LIVE TEDDIES SET CHILDREN WILD WITH DELIGHT

About the cutest playthings a child could wish for are two cinnamon bear cubs at 921 East Wilson avenue, where they roll and tumble about, walk upright and do all manner of cunning tricks to drive children fairly wild with delight. They like to play with humans, biting the hands gently and scratching with their sharp little claws. They are just seven weeks' old and are as large as a good-sized Teddy bear. They are the property of Miss Shipman of the Shipman-Curwood Company and have already starred in a movie scene. A hunter discovered them one day in the wilds of Kern county, whimpering by the side of their dead mother. Miss Shipman, who was working near there then, heard of it and secured them from the hunter. A part was written for them and they rolled and tumbled about in a way that will delight child movie fans when the picture, whatever it is, shall be put on. There is quite a troupe of wild animals with the company, two large bears, a panther and some wolves, all of whom are very docile, and submissive with Miss Shipman, who seems to be an animal charmer. If you have any idea of trying to buy them as playthings for your children dismiss it at once, for Miss Shipman says $10,000 will be no inducement for her to part with them. She intends to bring them up in the way they should go as good movie stars and will soon have a wire cage built for them at her home on Wilson avenue.

DOG POISONERS AGAIN AT WORK

Dog poisoners are again at work in Glendale. Three dogs were done away with yesterday, as reported to the police, three the day before and five or six in the few days preceding that, making eleven or twelve within the past week. Some of them were pets and quite valuable. People should watch their pets closely these days. Why any person should take pleasure in such a dastardly deed as the poisoning of pets of little children, is incomprehensible to the average mind, but there are such worthless wretches in the world, sad to say.

GREATER GLENDALE MEETING

The regular weekly meeting of the Greater Glendale Development Association will take place this evening in the auditorium of the Intermediate School, at the corner of Wilson avenue and Jackson street at 8 o'clock.

The report of the committee on the telephone situation will be heard and a general discussion of the matter will take place.

A report will also be received from the Industrial Committee and will be followed by a general discussion of ways and means of promoting industries for the benefit of the city. Friends of the association and citizens interested in these things are cordially invited to attend.

NORTON C. WELLS,
President.

C. D. LUSBY,
Secretary.

HOW TRUE THE SAYING

ALL THINGS COME TO HIM WHO WAITS, EVEN A SWIMMING POOL

We've talked about a civic center, Memorial park, swimming pool, $200,000 bond issues and the like, and lo, before we realized the possibility of it, one feature of the grand plan has come to full fruition. For Glendale has a swimming pool. Really, for sure, she has, and it didn't take a bond issue to get it. While we were fussing over this site and that site, one site or many sites, $200,000 bond issue or $100,000 bond issue, A. B. Duran, a sober, sensible American citizen of foreign extraction, quietly annexed the old reservoir on North Glendale avenue, a concrete enclosure in the shape of an isosceles triangle (get that, boys?) about 25 feet in greatest length and 15 feet at the base. This he thoroughly cleaned, filled to the proper depth with pure city water and then announced, "Come in, boys, the water's fine." He has built lockers at one end, so the boys can dress and undress in privacy. The pool was open for business yesterday at 15c per boy, but hereafter it will cost 25c for a stay in all day if desired. And the boys are happy, though they rather balk at that two-bit charge.

GLENDALE, CALIFORNIA, TUESDAY, JUNE 17, 1919

SOME DEBT FIGURES

The per capita debt of the United States before the war was $36. It is now $300. But England's is $800 and France's $950. What Germany's will be no man can guess. Before the war Germany, with a population of 77,000,000, claimed a ttotal wealth of $80,000,000,000, while the United States with a population of 105,000,000, could claim $500,000,000,000 of property.

THE "HIRED GIRL" HAS DISAPPEARED

The old time "hired girl," who was glad to work 12 to 15 hours a day for $1.50 a wek and found, is a dream of the past—thirty years or more past. Yet many a fresh-cheeked country girl was glad to work for such a wage in those days and many of them were fine cooks and good housekeepers. Now the offer of $35 to $50 a month, with board and lodging, brings hardly a response.

FROM WET TO DRY

Nearly every letter from the boys in France a few months ago told of rain, rain, rain, day after day, night after night. And when it wasn't raining it was snowing. One would think that the ground would have been so soaked that no fears of a drought need be felt this summer. But recent dispatches from Paris tell of 20 days of dry weather, threatening serious crop failure.

ARMY BILL FINALLY PASSES

Without the formality of a record vote the House last Friday passed and sent to the Senate the 1920 Army Bill carrying a total of $718,000,000 and providing for a temporary army of 300,000. The War Department had asked for $1,250,000,000. The bill as passed forbids the use of any new or unexpired appropriation for the purchase of army camps. It is almost without precedent that a bill carrying so huge an appropriation should be passed by a merely viva voca vote. The War Department originally asked for a standing army of 509,000 men. This bill provides for a temporary army only.

THOSE HAPPY DAYS OF YORE

Perhaps the saddest feature of the divorce stories now so shockingly numerous in the daily press is the reference, so often coupled with them, of the marriage of the couple but a few years before. The gala occasion, winsome bride, gallant groom, distinguished minister, flower decorated church, happy honeymoon and all, what a sad, sad mockery it is when read in connection with the divorce proceedings. And not all the divorces are caused by marriage after a few days' acquaintance, or the mating of mere boys and girls. Weddings after long courtships of really worthy young men and women too often end in the divorce court. Perhaps divorce is made so easy that it has become a craze. Uniform and stricter marriage laws are needed, but even these cannot entirely eradicate the evil while human nature remains as it is.

SOLDIER DEAD WAIT OVERSEAS

Not until transportation facilities are greatly improved will it be possible to bring home the bodies of American soldiers who died abroad. This is the word of Adjutant General Harris at Washington.

It is not merely the question of ocean tonnage which has to be considered, but that of railway transportation in Europe as well. Railroads over there are in a much worse state of deterioration than are American roads, and every bit of car space which can be used must be reserved for the returning troops.

There is a growing sentiment in favor of leaving the bodies of our lads in the great cemetery to be established in France, and it may be that by the time transportation becomes practical the great majority of those interested will have come to feel that this is the desirable thing to do.

In any event, the removal of bodies to this country will have to be deferred for some time.—San Bernardino Sun.

TO THE VANQUISHED

Cheer up, for now the battle's o'er;
It won't be long, just two years more;
You scarce can heal the itching sore
Before the cannon's opening roar.

Be thankful you don't have to sign,
Like Germans on a dotted line;
Or driven back across the Rhine
And then be called "too asinine."

Or pay a billion francs a day,
And see your ships all sailed away;
And you for years at home must stay,
Until you do your debt repay.

But no, you take your sword in hand,
And go to work to beat the band;
And maybe next time you will land
On solid rock instead of sand.

—ROSCOE DENNY

PRESIDENT TO BEGIN FIGHT AT ONCE

(Special Service to Glendale Evening News)

WASHINGTON, June 17.—President Wilson intends to begin the fight for the adoption of the peace treaty when he visits Belgium.

Assuming that the Germans will sign he expects to start for home June 24th or 25th, reaching Washington about July 4th.

VOTE YES ON THE BONDS

If we vote against them we are voting against our own best interests.

Did you ever use Los Angeles water? If you have, you need no argument against annexation.

Do you want slow service instead of fast, high power cars into Los Angeles? Our car-fare is the lowest of all suburban cities. Ask Alhambrans or Pasadenans.

The phone tolls and exchange-rate will not be affected by annexation to Los Angeles, in the opinion of leading attorneys. Van Nuys is a conspicuous example of "annexation without elimination."

Let us use **natural** gas through our own municipal system and not pay a profit on it to anybody.

The latest and best method of disposing of sewage is not through an outlet to the ocean, but by means of incinerators and electric precipitation.

Why do we want to turn over the management of our local affairs to a large city which would have no particular interest in us except to use our voting power? We would be "lost in the shuffle."

In ten years we have never paid a dollar for our municipally-owned utilities. They are paying for themselves and will continue to do so even with the increased bonds.

Let us pay our light, water, phone and gas bills to ourselves even if it should cost us a little in higher rates to acquire the properties.

VOTE YES

WE ARE FROM MISSOURI

The Evening News is from Missouri and must be shown where the benefit would come for an intelligent citizenship such as that in Glendale to annex to Los Angeles. Say, men and neighbors, are we not mentally able to govern ourselves? Of course we are, and where is the man who can truthfully say NO?

Personals

It has been announced that the Knights of Columbus will give a dance in Odd Fellows' Hall Wednesday evening.

Mrs. H. E. Bartlett of Brand boulevard was the guest of a friend Monday at a D. A. R. luncheon and reception in Los Angeles.

Mr. and Mrs. F. L. Church of 225 North Orange street, spent Sunday at the Camp of Alexander Mitchell in Big Tujunga.

Miss Florence Loomis, teacher in Glendale High, will leave for New York as soon as school closes and will be away all summer.

If the citizens of Glendale can not run their own municipal affairs, GOD PITY THEM when they turn themselves over to Los Angeles.

Mr. and Mrs. L. G. Dodge of North Central avenue have leased their home, furnished, and gone to Los Angeles to live. They moved Monday.

Members of Mutual Reading Circle, who own or can borrow Community Sing books, are requested to bring them to the picnic on Wednesday.

Mr. and Mrs. C. W. Douthat of 610 Orange Grove avenue have as summer guests a sister, Mrs. W. W. Winburn, and her son, Douthat, of Searcy, Ark.

M. J. Brennan starts today on his semi-annual trip to headquarters of the firm he is working for, Marshall Field & Co., Chicago. He is coast representative of this firm.

Mrs. Mattie Anderson of 355 Salem street and her daughters, Miss Lulu Anderson and Mrs. Iola Hughes, are moving Wednesday to Los Angeles, where they have purchased a home.

Mrs. Foster, mother of S. C. Andrews, of 211 North Cedar street, is here from Newton, Ill., in the expectation of making her permanent home in Glendale.

Miss Lillian Webster of 208 West Elk avenue, who has been suffering from sciatica for several weeks, being unable to walk part of the time, is slowly recovering.

Mrs. James McBryde spent the last of the week in Pomona as the guest of her sister, Mrs. John Carter, and returned Sunday with her husband, who drove to Pomona to bring her home.

Rev. C. H. Scott, pastor of the First Methodist Church, will deliver the graduation address for the preparatory department of the University of Southern California, Wednesday night.

John McBratney was in Glendale Monday and visited the Linen Store and his friend, Mr. Moore. Mr. McBratney reports trade very good in his home town, Monrovia, and also reports that his Irish bride likes America very much thus far.

Sylvester Hendrix, who bought the David Hartley place, 1306 East Broadway, last fall, has improved it quite a bit with chicken corrals and goat quarters. He has a fine fruit prospect, oranges, apples, pears, peaches, prunes and apricots and a regular old-fashioned country garden.

Capt. Mathiesen, whose wife has been here with her parents, Sylvester Hendrix and wife, of 1306 East Broadway, since they moved out here from Wichita, Kansas, has been mustered out and is now in St. Louis, visiting his people. He will be out here before many days to see his wife and child.

Mrs. Wm. Nichols of the Monte Vista apartments entertained on Sunday, Mr. and Mrs. C. A. Paul and son Harold of Huntington Beach. They noted many improvements in our city since they left about four years ago. Mr. Paul was at one time owner of the grocery store now belonging to S. W. Christy on Brand Blvd.

Bert P. Woodard, his wife, and mother, were entertained at supper and for the evening Sunday at the home of Mrs. Harriet Frank and her daughter Alice on East Broadway. Miss Frank was summoned Monday to Tujunga to take care of Miss Pemberton, but will probably be home in the course of a week.

Prof. Harry Howe, his wife, daughter, niece and Mrs. Howe's mother will leave in about two weeks for Hillsdale, Michigan, their old home town, from which they have been absent for thirteen years. They plan to spend the summer with friends and relatives in Michigan.

Mrs. Nellie Simmons of 215 East Lomita avenue is packing her goods preparatory to moving to Bakersfield to live with a widowed daughter. Her younger daughter, who has made her home with the mother for several years, will accompany her. Mrs. Simmons has a son living in Glendale, also, J. F. McClish, of 410 East Maple St.

A. E. Rickseeker, of 237 South Kenwood street, who is an instructor in Polytechnic High, is entertaining an old friend, Dr. E. G. Leavitt, a captain, who has just returned from Medical Army service in France. The captain has bought a Dodge Sedan from Mr. Clayton in which he will drive to San Francisco and then on to Reno, Nevada, where his home is. He is a graduate of Stanford and a native son of California.

D. H. SMITH. 243t1*

HOW DANGEROUS FIRES ARE STARTED

As two people were walking along a Glendale street, Sunday morning, they saw, on a lawn in front of a public building, smoke ascending. Investigation showed it to be from a cigar stub, which was slowly smouldering, but which had fire enough on it to start a blaze if it had been thrown among dried grasses. Fortunately this stub was thrown on green grass, but the man who did it is apt to absent mindedly repeat the act and not notice his surroundings. There are many very dangerous fire traps on vacant lots in Glendale and only the greatest vigilance will prevent many disastrous fires this summer. Millions of dollars worth of property have been destroyed by fires caused by carelessly-thrown cigar and cigarette stubs. Beware, you smokers.

VERY DANGEROUS OPERATION

Mrs. Wm. Kelley, of 350 West Elk avenue, is in a critical condition following an operation in a Los Angeles hospital Monday morning. For many months she has been suffering greatly from what was thought to be stomach trouble, and was confined to her bed most of the time. It was seen that an operation was necessary and this was attempted at 8 o'clock Monday morning, but had to be interrupted frequently, so very weak was she, to prevent her sinking away into death. The operation was for appendicitis, but a tumor was discovered and this had to be removed, the entire operation requiring more than three hours. She came from under the operation very weak, but at 8 o'clock this morning she was improving.

CLASS DAY AT UNION HIGH

Monday, which was the first day of Commencement Week, was a tolerably busy one for Seniors and their friends who are trying to honor them. It was Class Day and the time-honored ceremonial of the Ivy Planting took place about 6 p. m., though there was no picturesque Greek-costumed procession. Frank Balthis as the distinguished orator of the class made the ivy oration. The planting—actual planting, was done by the class president, Fred Dodge.

An adjournment was then taken to the High School cafeteria to enjoy a banquet arranged by Ruth Ryan, Marcella Miller and Gladys Nofziger. Covers were laid for the ninety-five members of the class, and for Principal George U. Moyse, Vice-Principal Harry Howe, the class teachers, Miss Elda Eggert and Arthur Oliver, and Business Manager Irving H. Oliver.

No program of toasts had been arranged, but Mr. Moyse made a very good, practical talk to the class; Fred Dodge, class president, thanked his fellow officers and members for their co-operation, and Martha Ray, on behalf of the class, expressed appreciation of the efficient service of the president. Robert Carmack paid a tribute to the work of Marshall Pearson as editor of the Stylus. A vote of thanks was given to the ten Sophomore girls who had served the banquet. Readings by Naomi Taylor closed the informal program and a social hour followed.

Tonight and Wednesday night the Senior play will be given—"The Rejuvenation of Aunt Mary;" Thursday evening will be graduation night, the exercises taking place at the Palace Grand, and Friday night the Seniors will give their farewell dance. It will be the last social function of the class and students generally feel they should loyally unite to make it a grand success and happy memory to these graduates who are leaving the school forever, except for their return as alumni, and who have contributed in no small degree to the reputation of Glendale High and to the development of a fine school spirit.

RETURNS TO ARIZONA

Miss Merva Scott, who has been with a stock theatrical company at Phoenix but who returned to Glendale about two weeks ago, received a money order by telegraph and a hurry-up call to join the Redmond Company at Douglas on Monday, just a few minutes before the telephone strike was declared. She figured if it had not come then she might not have received the message all day. By some lightning preparations she was able to respond. She had planned for a longer visit and it was a disappointment to leave her friends here, but the inducements offered she considered too good to turn down. Miss Scott has many friends here as she attended Glendale High and left in her third year to tak up theatrical work in which her interest has never flagged.

HONORING VIRGINIA WITMAN

Miss Dorothy Salyer entertained Saturday evening with a little dance at the home of her parents, Mr. and Mrs. C. A. Salyer, in honor of her cousin, Virginia Witman, of Brawley, whose parents have just come to Glendale to live. The function was designed to introduce Miss Witman to some of the young people of the city. About twenty-two High School boys and girls were entertained and at the close of dancing refreshments were served by Mrs. Salyer, who, as hostess, was assisted by Mrs. Baird and her daughter, Dorothy, who furnished a saxophone accompaniment to the piano and graphophone music provided for the dancers.

SUNDAY SCHOOL CONVENTION PLANNED

At a meeting last night of the president, vice-president and secretary-treasurer of the district Sunday School association a convention was planned for the Glendale-Eagle Rock-Burbank district, at which two or more state workers will be present. There are 23 Sunday Schools in the district, which takes in La Crescenta and La Canada, also. H. L. Finlay, superintendent of the Glendale First Presbyterian Sunday School, is president.

ROLLING STONES

The Rolling Stones (a club composed of energetic young men of Glendale) are giving their first informal dance next Friday night, June 20th, at Mrs. Keller's Studio, Broadway and Brand. Every lover of dancing is invited to attend and as there will be a jazzy orchestra, a good crowd is assured.

The Rolling Stones intend giving dances about once a month throughout the summer season.

ART WORK

(Continued from Page 1)

matic spectrum. The scheme was developed by a Mr. Taylor, who has spent a considerable part of his life trying to work out the relationship between music and color and to discover the laws which govern their psychological effect.

The designs, of which only a few remained, many having been taken home by students, showed beautiful color combinations. Cecilia Lyons had composed one based on old rose (her color) and also one in the key of red along the modern art line in which the chord was yellow, violet-blue and orange-red tied together with black; Lois Murphy had a pink and blue color combination and also a modern art design in the key of orange; Frances Gauntlet had a green and orange combination with many attractive Japanese touches, also a modern art combination in the key of yellow; Emily Blackman's colors were blue and orange; Naomi Taylor's were yellow, green and brown; Ethel Lowenstein's green and old rose; Delia Young's dull purple and taupe; Dorothy Johns' old rose.

Portfolios made by some of the girls were charming. The central ornament on the cover was based on their monograms which were conventionalized and worked out in the kind of a design to which they were best adapted. For example, the designs of Misses Thaxter and McConnell were Assyrian in character, Helen Engle followed the Renaissance, Ruth Sprowl the Egyptian, Eloise Francy the Greek, and there were book ends to match.

In Miss Abbott's room only the work of three girls remained, that of Misses Alberta Bertrand, Inez Cazer and Gertrude DuBois, all of it charming and quite wonderful for second-year work.

WAR RISK BUREAU HAS BIG POSTAL SYSTEM

(By United Press)

WASHINGTON, June 17. — More than a ton of incoming and nearly as much outgoing mail each day, have made it necessary for the Bureau of War Risk Insurance to build up a postal system larger than any other of its kind in the country.

Eighty thousand pieces of incoming mail and 80,000 outgoing letters constitute the daily average of the bureau. Handling, delivery and collection of this amount, requires the services of over 100 persons.

Although the bureau uses the government franking privileges correspondence to foreign countries requires over $1000 worth of stamps monthly.

Advertise it, or advertise for it in the Evening News.

FACULTY SURPRISED

The last regular meeting of the faculty of Glendale High was held Monday afternoon and was a surprise party to the extent of refreshments of orange ice and home-made cakes prepared by students in the Domestic Science Department.

SILK STOCKINGS OF GUN COTTON

By HENRY WOOD

PARIS. (By Mail). — Clad in stockings, ball gowns and lingerie made of artificial silk, Milady is encased in precisely the same material of which high explosives are made—gun cotton.

That there is no danger, however, that in the midst of a ball Milady may finish like a puff of shrapnel or the explosion of a shell was the positive assurance to the United Press of Count Hilaire of Chardonnet, the inventor of artificial silk.

At the age of 80 years, this illustrious chemist and scientist has just been elected to the supreme honor of membership in the French Academy of Sciences for his discovery of how to put one over on the silk worms.

During the war he had been decorated by the French Minister of War with the Cross of a Chevalier of the Legion of Honor for discoveries relative to the manufacture of high explosives growing out of his researches made primarily to render artificial silk stockings non-explosive.

According to Count Hilaire, his artificial silk, which is now produced by vast factories in Switzerland, Belgium, France, Italy, England, and the United States, has for its basis nothing less than gun cotton. One of the greatest problems he had to solve in perfecting it for everyday use was to render it non-explosive.

The gun cotton under the Chardonne process is first dissolved in a mixture of alcohol and ether and then spun through fine capillary tubes by means of hydraulic presses.

Other chemical processes give it incombustible and non-explosive qualities, together with the consistency and the transparency of the finest silk from Japan or China.

It took just thirty years of the eighty which Count Hilaire has completed to perfect his discovery and render it of actual and practical commercial value.

VETERANS CONFER ON VITAL PROBLEMS

(By United Press)

SAN FRANCISCO, June 17.—Discharged soldiers whose right arms have learned to remain passive when an officer approaches and who are again eating out of dishes, donned their uniforms today and came here in large numbers from all parts of California. The first California encampment of American War Veterans opened a three days' session today.

Various Western regiments, battalions and divisions are holding reunions in connection with the convention, and erstwhile "buddies" are comparing notes as to peacetime pursuits and meeting the "top kick" and "the old man" on equal terms.

Rev. Joseph P. McQuaide, national chaplain, has arranged a program of conferences regarding legislation, employment, benefits for widows and orphans of service men and other vital problems.

BACK FROM MONTEREY

(Continued from Page 1)

absence from the Berkeley library to go to the front and participate in the war, was still in uniform when he gave a fine talk on how to meet returned soldiers. He declared that many men would naturally go to libraries now who did not go before the war and the effort should be to meet them on their own plane. They have outgrown red tape and technicalities and their vision has broadenend, he said.

Miss Kate Foley, who has charge of the Department for the Blind in the State Library, and who herself is sightless, gave one of the most interesting talks of the convention and told how the service is to be extended throughout the state.

Another announcement of interest and importance was the statement that after the first of July the Glendale library and all other libraries in the state, whether municipal or county, can have access to the state library and secure books from it for the use of patrons, the state even paying the postage on the books circulated in that way. This will make it possible for small libraries to obtain for patrons the reading of special works appealing to only a small class of readers which the library would not be justified in buying.

There were a number of round-table discussions for the heads of small libraries, which took up their problems and were of great interest. Mrs. Danford got from them ideas which will be helpful in her work here.

A representative from the Vancouver Library gave a talk on post-war poetry, and Miss Althea Warren, of San Diego, very ably reviewed war literature asking librarians to avoid hasty decisions but to suspend criticism until time has proved the worth of such literature.

Delegates had considerable pleasure out of excursions to places of historic interest at Monterey connected with the early life of the state.

At a most enthusiastic election Captain Joeckel was made president of the organization which numbers about 600, in fact, all the sesions were marked by great enthusiasm.

Historical Data

In response to a suggestion put forth at the convention, Mrs. Danford has begun or is attempting to begin the collection of pictures and the war experiences of the soldiers who went from this district for the purpose of obtaining historic material in manuscript form which can be kept on file at the library for reference and which will have special local interest because it has been gathered from the men we know who entered the service. Some of the letters and diaries which found their way back here were of intense interest. Besides the letters she wants pictures of service men, and also personal interviews telling of their experiences or anecdotes of the war. She is making a special appeal to the parents and friends to aid her in making this collection.

STATE NEWS

SAN FRANCISCO, June 17.—With government restrictions removed from useless labor, Frank Schuler is going to try his hand at reviving the wrestling game. Tonight at Dreamland Rink, Chris Londos and Dan Petroff, admitted grapplers, will assemble in a physical argument. The rules will be expounded by Charlie Andrews, U. C., who will be the third man in the ring.

VALLEJO, Cal., June 17.—The first armored cruiser of the Pacific fleet to dock at Mare Island since the war began is scheduled to arrive here today. It is the U. S. S. Minneapolis, flagship of Admiral Fullam, having been assigned to this yard for a two-week period of repair work which will include docking and overhauling. The Minneapolis has been at San Diego since returning from the war zone. It is the first armored cruiser to arrive in the Pacific from war service. She carries a crew of 700 officers and enlisted men.

COALINGA, Cal., June 17.—Uneasy times are in store for the California oil fields in the opinion of those informed on recent moves on the part of union labor in this great oil center. With W. J. Yarrow in Washington before the Federal Mediation Commission, the fact has soaked in that no matter what the commission might do in the way of outlining a uniform scale of wages, there is no law to enforce such a scale. The operators could ignore any recommendations that might be made, and would be apt to do so, it is believed in Union circles. The workers believe, however, that such recommendations would carry great weight. If the commission's approval for a minimum wage should be obtained, it would be interpreted here as sanction for any lawful action, such as a strike, that the union might take to obtain recognition of the commission's recommendations. Coalinga, depending absolutely upon the oil industry, and upon the buying power of the workers, naturally sympathizes with them. "We are confident of the justice of our claims," said Thomas Colebourne, secretary of the Coalinga branch of the International Association of Oil Field, Gas Well and Refinery Works. "That is why we are going direct to Washington. We demand a minimum wage scale of $5 a day. We want to obtain it peaceably if possible." Union men declare the solidarity of the union is perfect, although it is only two years old. This represents its first attempt at collective bargaining. One victory was won with recognition of the 8-hour day by the employers. The award of the Federal Oil Board on March 3rd is still ineffective, is the object of the present protest. It is declared by union men to be full of inequalities. The Oil Board refused to reopen its award. Inequalities in wages in different fields, it is declared, has resulted in a constant shift of labor from field to field.

SAN FRANCISCO, June 17. — Means of organizing California's veterans of the late war for their own advancement and the betterment of California will be one of the chief topics of the World War Veterans, who opened a three-day state encampment here today. Veterans active in National organization work will take part in the program. Creation of a fund to help the families of dead soldiers, appointment of a committee to give attention to speeding up delayed allotments and war insurance payments will also be taken up. Speakers will also discuss the various proposed projects for furnishing farm lands to soldiers and sailors, while legislation deemed necessary for the well-being of the ex-service men and the relatives of dead and wounded men will be proposed. More than 25 veterans' associations are represented. St. Mihiel Camp of San Francisco is entertaining the delegates. City officials will also tender a public reception, and the Y. M. C. A., K. of C., Red Cross and other war services will show the "old soldiers" they are not forgotten although they have shed their uniforms.

SALT LAKE, June 17.—Quite a number of Rotarians are getting a real touch of army life here this week. Owing to the enormous crowds present for the International Rotary Convention, all hotels are filled, and barracks at Fort Douglas are being used by late arrivals. The barracks are up to army standard in every way, and the Rotarians highly enjoy it—despite the fact that the barracks is so situated that every man returning at night must be halted and "recognized" by armed sentries.

THE PESSIMIST SAYS: "It can't be done."
THE OPTIMIST SAYS: "I don't think it can be done."
THE PEPTOMIST SAYS. "I just did it."

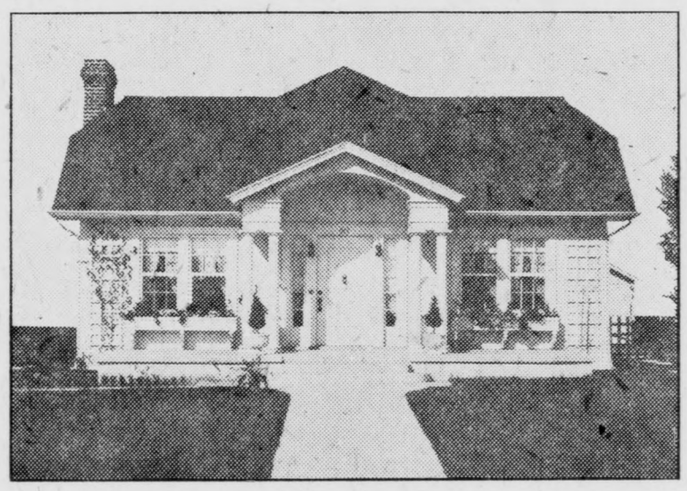
Everyone admires a man who says "IT CAN BE DONE" and then applies his initiative in making it a realization.

The world loves a fighter, a good provider and one with a determination to procure for himself and loved ones those things which represent continuous happiness, contentment and ideal environments.

There is no such thing as "It can't be done" or "I don't think it can be done", it is being done by others and it can be done by you.

When it comes to acquiring a home, once you make up your mind to be the proud possessor of your own home, you will find helping hands on every side willing and anxious to assist you. Our home building department is completely equipped to satisfy your every requirements from conveying by actual photographs all the latest and modern styles of homes, the best kinds and grades of building materials, the services of competent mechanics in constructing the home and our financial assistance in making it possible for you to purchase a home on monthly instalments.

Your friends will envy you in a BENTLEY-BUILT home, and you will never regret having your your home built the BENTLEY WAY.



PLAN NO. 330

Great care was exercised in developing this pretentious little home. Not one single detail is lacking to make it complete and harmonious, and in order to secure just the proper pleasing features, no deviation from the plan should be allowed.

Three special details on front exterior call for mention—the massive yet simple entrance porch—the attractive construction used in the flower boxes and the unique design of the trellis for vines or roses.

No more convenient arrangement could possibly be conceived of than is embodied into the interior of this home.

SUNLAND

Miss Menita Huse had for week-end guests at her home Miss Helen Frost of San Diego and Miss Edythe Hayns of Philadelphia. Miss Frost is a singer of some note and gave some beautiful selections at the morning services at the First Baptist Church.

Stewart Flintham was up from Los Angeles Monday looking after the interest of the Park. Great praise is due Mr. Flintham for the way he keeps up the park and looks after it. Sunland is surely proud of the park. About 60 people from Oxnard enjoyed a picnic under the oaks Sunday.

Mr. and Mrs. Lancaster entertained at dinner Sunday Mr. and Mrs. E. Spinney of Los Angeles, Mr. and Mrs. Ivan Spinney of Jerome, Ariz., and Wm. Lancaster of Fillmore.

The garbage cans which were taken from the Park were quietly returned.

The ranchers are busy thinning peaches. There is an immense crop and prices way up.

Walter Young of Raymond, Cal., is the guest of George Huse this week. Mr. Young has returned from overseas, where he was wounded in the great drive of the Argonne Forest in July and has been in the hospital ever since. He is now an inmate of the hospital at Camp Kearny and is enjoying a ten-day furlough. He has some very interesting things to tell of the great war.

Work has begun on the pavilion in the Rowley Grove.

Mrs. Dunlap has moved from Mrs. Branstetter's apartments to a tent house on Mr. Horton's place.

Mr. and Mrs. Reed of Los Angeles are occupying one of Mrs. Branstetter's apartments and will try the climate of Sunland for a few months.

Billy Graham was brought home Monday from the Angeles Hospital in Los Angeles and is getting along finely.

The Ladies' Aid Society of the First Baptist Church entertained with a social afternoon Thursday at the church parsonage.

Services at the First Baptist Church at 11 o'clock. Rev. Wester will preach. Christian Endeavor at 7 o'clock. Subject: "What We Owe and How to Pay It." 2 Cor. 8:1-15. (Tenth Legions Applications). Leader, Hazel Huse.

Mrs. Huse was surprised Sunday by relatives and friends from Los Angeles and Glendale, the occasion being her birthday. Those present were Mr. and Mrs. N. D. Huse and grandson, Claude Edwin Huse, P. Wass of Los Angeles, Mrs. W. O. Huse, son and daughter, Mrs. Brown and Miss Corris Brown of Glendale.

Mr. Edwards, son-in-law of Mr. Horton, passed away at his home in Los Angeles Friday of last week. Mrs. Edwards will make her home in Sunland with her father.

Mrs. Huse can supply you with blackberries for canning. Leave your orders early at her fruit depot on Summit avenue. Prices reasonable.
